## Why give to United Way?

**W**hen you give a leadership donation of \$1,000 or more annually to United Way, you show your commitment to improving lives and building community.

You will be supporting over 80 local programs that your friends and neighbours use every day. These programs are reviewed by United Way volunteers to ensure your gift is being wisely used where it is needed most. Your donation will be translated into actions and programs that offer a helping hand to thousands of people in our community.

You can make a difference in your community all day, every day when you give to United Way.

## Join me

This year, I'm asking you to once again join me in donating to United Way. Together with other leadership donors, your gift will provide stable support for programs that respond to people's immediate needs today, while working toward real solutions in the long term. With your support of United Way, every day you'll make our community stronger and build a better place to live, work and play.
